The vice chairman joined his colleagues on the board in endorsing completion of a number of road projects which will reach into the Glades from the Coastal area and will add more hard surfaced highways to the county farm to market system.

Only A Handful Left... Don't Run Them Off!

To the Pahokee City Council, Pahokee, Florida
Gentlemen:

This newspaper noted with interest your action in regard to installation of parking meters in Pahokee in the not too distant future. It would seem to those of us who have lived here many years that such a move is unwise and unsound at this time. Instead, let's do something to bring more people and more cars to Pahokee in order that merchants may enjoy more business and their establishments may be modernized and made more attractive.

Any day, between 8 a. m. and 5 p. m. (usual hours for operation of meters) you will find upon investigation that dozens and dozens of parking spaces are available on the main street between Bolton's and the Vandegrift-Williams place. If you install meters what inducement are you going to offer to fill up those vacant parking spaces?

No, gentlemen, only a few cars remain in the parking areas during the daylight hours—don't do something to run them off!

News Notes From State Capital

TALLAHASSEE—The machine of state government rallied swiftly to aid storm victims in the wake of the recent hurricane. Governor Warren dispatched Lieutenant Col. Owen W. Griffin, acting adjutant general, to report on damage and to recommend any immediate action required. Sam Turnbull, chief engineer of the state road department, is checking on needed highway repairs. State Treasurer and Insurance Commissioner Ed Larsson reported that the Narragansett Insurance Company of Providence, Rhode Island, on October 16, took over all fire and windstorm insurance carried by the Rhode Island Insurance Company, now in receivership, so claims will not be delayed. Citrus experts of Nathan Mayo's department of agriculture moved quickly to help in assessing damage to crops. The Florida Railroad and Public Utilities commission was represented in the storm area the day of the hurricane, to help telephone and telegraph companies and public transportation meet their demands.

TALLAHASSEE—Bids for 175 miles of new highway work and bridge replacement in 26 counties have been called for by the state road department. Bids will be opened at a meeting of the department in Brooksville, October 31. Sixteen other project bids will be received at the same time.

TALLAHASSEE—The supreme court of Florida has upheld the legality of the rule invoked by the Florida Railroad and Public Utilities Commission to cut off gambling. The court upheld a Dade county circuit court order declining to stop cancellation of services to the Dade County News Dealers Supply Company which had lost its telephones on complaint from Attorney General Ervin that they were being used for bookmaking. The company denied this, had a hearing before the commission which refused to order the telephones reinstalled. All telephone companies now are required to cancel regular exchange telephone service on order of the commission when gambling use is charged.

TALLAHASSEE—Walton county, whose negro school has been termed a "disgrace," got state board of education approval to submit an \$800,000 bond issue to the voters. State School Superintendent Tom Bailey said he didn't know of any county which needed new school buildings worse. The bonds would be repaid from money received from the state under the minimum foundation program.

TALLAHASSEE—with all but seven of its uniformed force on the road the state highway patrol of 178 members feels it is doing its part in cutting down highway accidents. Major Wallace Smith of

the patrol answered cabinet criticism to the effect that too many patrolmen are not patrolling the state. He told the cabinet the state death rate has dropped as a result of the law taking livestock off the highways, and credited the newly formed state safety council with an assist in reducing traffic deaths. Cabinet members said the would scrutinize the patrol's budget requests early next year.

TALLAHASSEE—Attorney General Richard W. Ervin in this week gave his official opinion on the following general subjects:

CATFISH—Buyer of catfish in Florida who takes them to Georgia for resale is not required to get a Florida dealer's license.

MASSEY—Civil service board of Miami cannot convict a person on a morals charge, such as to warrant refusal of the Florida Board of Masses to renew a license.

DRIVER—The expiration date of driver's or chauffeur's license in Florida was midnight on October 1.

ELECTION—it is proper for clerk to show list of names of those petitioning for a local option election.

LIQUOR—Holder of bar license for both package and on-premises liquor sales cannot operate in two separate places of business under one license.

BOOKIES—Baseball pool operating by private leased wire constitutes gambling.

TUBERCULOSIS—Patient confined by law to state tuberculosis sanatorium may be recaptured and return by sheriff.

Ixora Park Is To Be Beautified By Club

The history and culture of ixoras was the subject of a talk by Mrs. John A. Dulany at a meeting of the Ixora Garden Club at the home of Mrs. Nola B. Smith Tuesday afternoon, with Mrs. C. M. Todd assisting as co-hostess.

Mr. R. L. Parker and Mrs. C. M. L. Shiley demonstrated two lovely table arrangements of ixoras and crottons. Mrs. Parker, plant identification chairman, was in charge of the plant exchange.

Mrs. Axel Jensen was welcomed as a new member of the club. The group voted, as a project for the year, the beautification of the fill in of the deadend canal bordering Belle Glade Road in Pahokee from the bus station to the Showboat theatre, this spot to be called Ixora Park.

35c For Haircut Is Winter Haven Price

WINTER HAVEN—The cost of a haircut at the city's largest and oldest barber shop was slashed Tuesday from \$1 to 35 cents "so the working man can afford to look decent."

The barber shop operator said he wanted to see if the action would force prices to level off "so the working man can afford to look decent and get a haircut once in a while."

Other barbers said they planned to hold the price at \$1.

Article Lauds Mrs. Wedgworth

A national farm magazine this month lauds a locally well-known woman for her courage and industry and presents her to the nation as "The foremost woman farmer in Florida."

The woman is Mrs. D. E. Timmons, until recently Mrs. Ruth S. Wedgworth, of Belle Glade.

Under the title "It Takes Faith to Farm," the November issue of Country Gentleman tells how Mrs. Timmons surmounted the sudden death of her first husband in 1938 and not only successfully reared her three children but developed 1837 acres of debt-encumbered land into the highly profitable and nationally known Wedgworth Farms.

The story describes Mrs. Timmons as "a remarkable combination of visionary and realist" pointing out her recent venture into cattle raising but emphasizing her faith in truck farming and her realization that the farm land of the Everglades is expendable.

Country Gentleman also pays tribute to Mrs. Timmons' ability to make friends "in human relations," says the magazine. "Mrs. Timmons mixes her faith with good sense."

Three photographs illustrate the story, showing scenes on the Wedgworth Farms and Mrs. Timmons with the pastor of her church.

Try this on your stereoscope!

WHEN THIS "VIEWER" was in the parlor, folks used to look at pictures like these.

They'd spend many an hour gazing wistfully at scenes of places they'd like to visit, things they'd like to do.

But, today, there's an invention that beats those stereoscopic pictures all hollow. No—it isn't television.

A self-fattening investment—guaranteed by Uncle Sam—that will let you do things for your family and for yourself that you could never do without such a convenient plan.

And, if you're not on a payroll, there's the equally convenient, equally profitable Bond-A-Month Plan at your bank.

No matter how you look at them, U. S. Savings Bonds help to picture a bright, happy future!

**CHURCH OF CHRIST,
SCIENTIST**

"EVERLASTING PUNISHMENT" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, October 29.

The Golden Text is: "The way of the Lord is strength to the upright; but destruction shall be to the workers of iniquity" (Prov. 10:29).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap" (Gal. 6:7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

"The indulgence of evil motives and aims, makes any man, who is above the lowest type of manhood, a hopeless sufferer."

"Christian Science commands man to master the propensities, to hold hatred in abeyance with

kindness, to conquer lust with chastity, revenge with charity, and to overcome deceit with honesty. Choke these errors in their early stages, if you would not cherish an army of conspirators against health, happiness, and success" (405:2-11).

**Seniors' Parents
Have Chance To Meet**

A reception for parents and faculty members was held by the Pahokee High School Senior Class at the Woman's Club building Sunday afternoon from four until six o'clock.

The purpose of the affair, the first of its kind in the history of the school, was for each Senior's parents to have an opportunity to become better acquainted with parents of other Seniors and the teachers; also to have a better understanding of class activities and aims.

Entertainment consisted of songs and piano music. Melvin Tillis and Anna Lee Hurt sang two duets, Melvin also sang two solos. The Harmony Four Quarter, Chandler McIlwain, Willard McCurdy, Millard Stanley and Bobby Schroder, sang a number and Jackie Sullivan played the guitar. Instrumental music included piano selections by Carol Carpenter and Marlene Williams and harmonica numbers by Dale Maxwell.

The Seniors were assisted in making the reception a success by their faculty sponsor, Miss Ruth Evans.

**United Nations Day
Observed By Club**

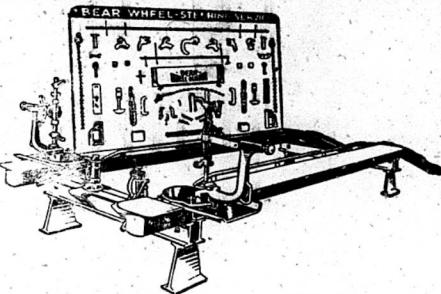

United Nations Day was observed by the Pahokee Woman's Club with a special program at the luncheon meeting held in the clubhouse Tuesday.

Guest speaker was James Neme, West Palm Beach attorney, who gave a talk on "United Nations and World Federation." Mrs. Vera Summerlin sang a medley of patriotic songs, accompanied at the piano by Mrs. M. P. Stanley. Mrs. Leo Wrotan, international relations chairman, and Mrs. Don Hillier, public welfare chairman,

were in charge of program and luncheon arrangements.

At the business session, with Mrs. V. L. Geiger, president, presiding, the club voted to sponsor again this year the sale of T-B Christmas seals in this area. It was announced that the Palm Beach County Tuberculosis and Health Association will present a program, including motion pictures and a lecture, at the November meeting of the Pahokee Parent-Teacher Association and all club members were urged to attend.

The group also voted to sponsor a pie and coffee booth at the PTA Halloween carnival on Lair Field the night of Oct. 31.

Humphrey Bogart and his wife, Lauren Bacall, are making a trip to New York. He is to do a radio show there and wants "baby" with him. Maybe he is thinking about that little episode in a night spot, when Humphrey showed up with a huge panda and there was a battle over the thing! At any rate "Baby" says there will be no panda's or any other kind of riot breeders while she and Humphrey are in the big town. Joe DiMaggio, baseball hero of millions, is flying out to Los Angeles to see his estranged wife Dorothy and his son. It will be the boy's ninth birthday and there is going to be a party with Mom and Dad and a lotta fun. Dorothy married again after she and Joe split, teaming up with a wealthy chap up North. That affair clattered and they are now divorced. Dorothy is now in Cedars of Lebanon Hospital and Joe has telephoned her every day. It is said that Joe and Dot are still very crazy about each other and it is believed they will go to the plate for another swing at the ball very soon. Hollywood has been good to the Smiths. Meditation Hour Is Observed in Pahokee

In observance of a week of prayer and self denial, members of the Pahokee Woman's Society of Christian Service gathered in the church auditorium Monday afternoon for a quiet hour of prayer and meditation.

The altar was decorated with white gladioli and lighted by tapers in candelabra and an illuminated cross.

Mrs. E. J. Graham acted as conductor at the meeting. Mrs. Williams McClenahan was organist and Mrs. J. V. Thomas, pianist.

Following responsive reading, meditation and prayer, the observance was closed with the dedication of gifts at the altar. Mrs. Lloyd Hundley welcomed guests at the door.

Jack Phillips, reserve officer in the U. S. Navy who was recently called to active duty, received an honorable discharge and returned to his home in Pahokee from the Charleston, S. C., Naval Base on Wednesday.

The Pahokee Blue Devils will invade the nest of the Fort Pierce Eagles this Friday night for a Sun-coast conference game the results of which will determine top ranking in the conference.

At present the Eagles, undefeated so far this season, are in first place and the Blue Devils, undefeated but with one tie in conference play, are second. The Pahokee eleven in a non-conference game last Friday, was downed by South Broward, 12 to 0, in their first defeat of the season.

Coach Jim Maynor is having to take a crippled team to Fort Pierce for this important conference game tonight. Many of his boys got pretty badly banged up in the fray with the Bulldogs. Carney Wilder, ace passer, has a bruised hip and will see only a very limited action in his quarterback position tonight. Other first string players handicapped with an assortment of injuries include Ronnie May, crack end and pass receiver; Melvin Tillis, Junior Holmes and Bobby Peacock.

In Halfback Charles King the Eagles have a triple-threat man who is at times almost impossible to stop and they also have another fine back in Bobby Dietz who tosses the passes. The Eagles are favored by a three-touchdown margin but the Blue Devils have been working hard this week to make sure that they earn every one of them.

Pahokee's probable starting line-up: le, Rusty Million; lt, Charles Dickson; ig, Charles Holmes; c, George Rozelle; rg, Sidney Caruthers.

The team will be accompanied to the East Coast by Robert O.

Senator Beacham Is Victim Of Heart Attack Saturday

Funeral services were held Wednesday afternoon at the First Baptist Church in West Palm Beach for State Senator John R. Beacham who died suddenly from a heart attack on Saturday morning. The body was placed in a mausoleum at Woodlawn Cemetery.

Senator Beacham for years a West Palm Beach and Florida leader, was found dead in bed at his West Palm Beach home Saturday morning.

He apparently died of heart failure during his sleep.

Beacham, who never lost an election during his long career as a public official, served as president of the state senate and as mayor of West Palm Beach.

He was born in Unadilla, Ga., and lived in West Palm Beach since 1924, after receiving his new

law degree from Detroit, Mich. College of Law.

He served three terms as vice mayor and was mayor in 1930 and 1931, the youngest mayor in the city's history. He resigned to run for the state senate in 1932 and represented the 35th district until his death, winning five consecutive terms.

The district, now confined to Palm Beach county, formerly included Broward county.

Mr. Beacham was president of the senate in 1941-43.

As a senator he sponsored the bill to free aviation gasoline from state taxation, on the basis of which Eastern Air Lines moved their shops to Miami. His chief legislative interests were taxation and rehabilitation programs.

Frequently mentioned as a candidate for governor, friends only recently approached him on the subject for the next election. He replied that he was a sick man and not interested. He has been suffering from a heart ailment and about a year ago spent two months in a hospital.

As a practicing attorney, Mr. Beacham had an active practice. He built radio station WJNO and owned and operated the Hibiscus apartments, where he lived.

He was a member of the American Legion, Kiwanis, Elks, was a 32nd degree Mason, and a Baptist.

You Can't Build
A Better Mousetrap!

"They're not the best-looking boarders a man ever had," Hack Turner said one day, "and they've got awful tempers. But I've found it pays to have 'em around."

Hack was talking about a family of barn owls, nesting in his silo this year. Some folks believe those little white-faced screechers kill chickens—and ought to be shot on sight. But Hack disagrees.

"Up at State University they've studied barn owls for years—and never known one to eat a chicken. On the other hand, a daddy owl will clean up around 300 mice a

month. Farmers that kill barn owls are throwing away the best mousetraps known to man!"

From where I sit, when someone shows a prejudice against any group of animals or humans—it's usually just based on misunderstanding. For instance, some folks are plumb intolerant about those of us who enjoy an occasional quiet glass of beer. Get to really know us and you're liable to find we're pretty good birds at that!
